The CAREmasters Difference

It is time to improve the home health industry, and we strive to be a vehicle for such change. We offer a variety of unique advantages to our clients, making CAREmasters a new standard in home health care. We want to be a voice for our senior community. Change starts with us, therefore, we lead by example!

AVAILABILITY

CAREmasters is available to you 24/7 by our live person hotline. Weekends, holidays and after hours admissions or immediate starts of care are an option!

CAREGIVER QUALIFICATION

We believe that our greatest asset is our dedicated expert caregiver and nursing staff. We strive to be THE "employer of choice" within our community. A comprehensive professional development and educational program for our staff ensures, that CAREmasters caregivers are truly *Masters* in the industry.

PROFESSIONALISM

Our caregivers are provided with uniforms and picture identification badges to ensure security. They are trained to maintain professional behavior, performance and appearance.

TECHNOLOGY

Our software applications allows clients or family to access a personalized portal to view care plans, schedules and caregiver notes. We offer online pay and automatic draft for easy and convenient bill pay. We utilize a client / caregiver matching system developed by STRATIS to select the best caregiver for you.

CASE MANAGEMENT

Every client is provided with a unique case management approach. We close the loop – we follow up. We recognize and observe problem areas and diligently work until a solution has been determined and our clients are safe and satisfied. CAREmasters is your "one stop shop" for all home health care matters. For a broad variety of medical care, for any kind of non-medical needs or for concierge services we tirelessly work to ensure that aging in place is effortless and comfortable for you!

QUALITY

At CAREmasters, we pride ourselves on our commitment to quality. We designed a comprehensive quality assurance program, complete with intense caregiver training, frequent supervisor home visits, wellness calls, and on-the-job specialized training to ensure each client's individual care is carefully evaluated and supported. Our efforts are monitored through the leading accreditation body for home health – CHAP, Community Health Accreditation Program.

AFFORDABILITY

Affordable prices for Master level services, discounts on unique specialty packages and attractive rates for 24/7 care will help you to stay within your budget.

CONFIDENCE

We are confident in the service we provide and we want our clients to be just as confident to entrust us with their most precious asset...their health and well-being. You can feel confident knowing we're always ready to listen and partner with you and your family to customize solutions that support your needs as they evolve.
